

Hockey Club

About us ...

We operate a number of teams of differing abilities, three of which compete in the 5 Counties Women's Hockey League. We also provide for our junior members with a very active weekend Junior's Team, taking on children from as young as 6 years old.

Both girls and boys are welcomed into the Junior activities, with promising players being moved up into either the 5 Counties league teams, or the Vauxhall Men's Hockey as appropriate. Since the club has been around a long time, there are also many older players, and Vauxhall Chiltern operate a number of "Vets" matches to keep everyone involved and playing the game they enjoy the most.

Matches are typically played on weekends, but training is also provided for during the week using the facilities at the Vauxhall Brache, and Juniors also have additional training provided on Sunday mornings. During the summer months, outside of season, the club also operates summer training, with many activities to keep the club members entertained and fit.

Club Training ...

Vauxhall Chiltern Ladies hold training at the Brache Arena **every Wednesday at 7:45pm until 9:00pm**. The training sessions are an essential part of team building and fitness for club members.

Training sessions cost only £2 per session and are an excellent opportunity for club members to socialise and keep up with what others are doing in the club.

Junior Training ...

Regular training **every Sunday at 10:30am until 12:00 noon** at the Brache Arena. Sunday training is punctuated regularly by tournaments and junior club games to give the younger members the opportunity to try out their skills against other junior hockey clubs.
