

Photographic Club

Vauxhall Chilterns Photographic Club

Main evening Tuesday 8pm to 10pm at our studio in the Hobbies building

Additional evening on Thursday 8pm to 10pm at our studio in the Hobbies building

About us ...

We are a small and friendly club, who meet every Tuesday and many Thursdays. Among our members we have a wide range of abilities and interests, from novices to professionals. We have a lively mix of film and digital practitioners, who are always willing to help each other master new techniques or debate them.

Activities

Regular competitions, from Spring to Autumn. While these are informal in style, they are still keenly fought. In addition we place club entries in regional and national competitions.

Technique instruction nights, where we cover lighting, metering, photo editing, mounting and so on. These are often followed by a photoshoot arranged to practice the material just explained.

We have equipment for printing digital and film image
Frequent Studio evening with still life and portrait sessions.

Evenings out, to local sites of interest. These are usually arranged during the summer months, for obvious reasons. Past locations have included Tring Locks, Whipsnade Zoo, and The Cat Survival Trust
